Subject: datapath public records request 3 (final): communications

Hi Charity,

Please take note of the following request for records. I will be sending two others. Please respond to each as the requested information is available, rather than waiting to respond to all of the requests at once.

Pursuant to the Vermont public records law (1 V.S.A. §§ 315-320), I hereby request the following records:

All communications to and from the AGO regarding the company known as datapath and/or the healthcare reimbursements offered to Vermont educators through the Vermont Education Health Initiative (VEHI).

Please identify each document possessed by the department meeting the above requests. If any document is to be denied or redacted, please reference the statute exempting it from disclosure *as specifically as possible*. If it is possible to redact a document in lieu of denial, please provide the document with redactions.

The requested documents will be used by Vermont Public Radio to inform the public. This request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 3 business days, as the statute requires.

Sincerely,

Emily Corwin
